3832TR/HDTR

Touch Release & Heavy-Duty Touch Release

Holds drawers, shelves, or cargo trays in a closed position until activated by touch.

Model 3832TR is well suited to portable cabinets, toolboxes, or equipment carts in medical, institutional, or manufacturing environments. It requires about 11 pounds of force to activate the release.

Model 3832HDTR has a more robust positive hold, requiring a force of about 17–19 pounds. It is designed for more demanding applications subjected to vibration such as those found in RVs, aircraft, fire and rescue vehicles, or watercraft.

Features & Benefits

- 100-lb. [45 kg] load capacity.
- Opening mechanism activated by 1/16" travel inward.
- Propels drawers open approximately 2" from the closed position.
- Compatible with inset or overlay drawer front styles.
- Provides an aesthetic, streamlined look to cabinetry. No protruding pulls are safer and more sanitary.
- Lever disconnect.
- Includes Cam Drawer Adjust feature.

Availability/Packaging

- Even lengths 12"–28" [305–711 mm].
- Finishes: clear zinc, electrocoat white, and electroplate black.
