

PUSH-IN LATCH INSTRUCTIONS

MODEL 3732

To Remove Drawer

- Pull the drawer fully open so the black latch is visible.
- Simultaneously push "in" the middle section of both latches.
- Pull drawer toward you.

To Reinsert Drawer

- Bring ball retainer fully forward and carefully reinsert drawer member slide into the cabinet member slide, guiding the drawer member raceway between the ball bearings.
- Completely close drawer.
- Open and close drawer to fully engage slide into the ball bearing track.
